MEMORANDUM FOR THE RECORD

SUBJECT: ELINT Training Program

1. After discussions with [ ] I called [ ], ELINT Staff, on the afternoon of 4 February and suggested the following changes be made to paragraph 5 of the draft memorandum on the Agency ELINT training program:

25X1

Change 1: That para. 5b be changed to include the phrase, "a group of 13 additional slots be authorized."

Change 2: That the parenthetical phrase included after the request for 5 JOT slots read, "(No provision made in present JOT Program to meet ELINT expansion.)"

Change 3: In para. 5c, that \$30,000 be included in the funds to be allocated to OTR, this being \$6,000 per individual for the 5 additional JOT's requested in the memorandum.

2. In the discussions with the ELINT Training Subcommittee on 3 February, all agreed that funds for external training should be shown as allocated to OTR, so our final figure should include \$30,000 JOT salaries plus the external training requirements of the individual operating components.
